PROFILE

I am currently studying a diploma of IT at Coder Academy and will be graduating in August. Since beginning, I have been fascinated with coding and am driven to progress myself professionally.

I am looking for work where I can be challenged to further progress my skills as a developer.

PROJECT

- *Online Farmer's Market* - May 2020

Two sided marketplace where a farmer can sell produce directly to consumers online.

Built with Ruby on Rails, Ruby, PostgreSQL, HTML, CSS

https://github.com/ArisaOkuyama/farmers_market

Resort Manager (2IC)

MnK Niseko | *Niseko, Japan* | November 2018 – May 2019

MNK is a resort group based in Niseko Japan. My role was the manager of a self-contained apartment style resort called Akazora.

- Managed daily operations, daily schedules and directed the team
- Facilitated bookings and schedules for current and future guests
- Addressed problems, queries and complaints from guests and service providers.
- Continually integrated customer feedback for service improvement

Owner / Manager

Coccolicco | *Fremantle, Perth WA* | June 2014 – June 2018

Self owned and started small lunch bar/cafe in 2014. I gained first-hand experience of making a profitable business including; cost cutting, maximizing profits, advertising, marketing, staff management, time management. We sold the business in May 2018.

- Relentless commitment and continuous progression
- Continuously maintaining the quality of service standard.
- Customer service, and importance of making each customer feel welcome
- Daily operations, banking, paying creditors, stock ordering
- Hiring staff, training staff

Travel Service Supervisor/Guest Service

MnK Niseko | *Niseko, Japan* | April 2010 – May 2012

Travel service supervisor of the company.

- Acquired and managed travel agency license
- Organised room bookings and vacancies
- Facilitated bookings and schedules for current and future guests
